

NW Communications, the trusted name in IT sales and servicing in North West WA, are now operating in Broome. We can manage all aspects of communications and IT for your business from simple virus checks right through to creating a brand new network environment.

Our computer technicians are highly experienced and qualified. We can provide workshop or onsite repairs, networking, remote maintenance, internet, software, hardware, laptops and desktop computers.

Broome Chamber of Commerce Member's Offer

Free Onsite Audit for your business IT* - valued at \$150, including:

- A search for potential network vulnerabilities
- An antivirus check
- Recommendation of disaster recovery and back-up solutions
- A server health check
- Verification to ensure all windows updates are current
- Written report of our findings

* Valid for Broome Chamber of Commerce Members only. Limit of one free onsite audit per customer.
